

ROUKF::reset

```
graph LR; A[ROUKF::reset] --> B[SigmaPointsGenerator::generateSigmaPoints]
```

A diagram showing a call to the `ROUKF::reset` function. A blue arrow points from the `ROUKF::reset` box to the `SigmaPointsGenerator::generateSigmaPoints` box, indicating that the reset function calls the `generateSigmaPoints` method of the `SigmaPointsGenerator` class.

SigmaPointsGenerator
::generateSigmaPoints
